Subject Characteristics

All of the main sections of your thesis are in bold with the main words in upper and lower case. The paragraph begins below the heading and is indented like a regular paragraph.

**Cultural Identity and Self Identification**

Level 2 minor headings are in bold and are typed flush with the left margin. The section heading is in upper and lower case. The paragraph begins below the heading and is indented like a regular paragraph.

**Latino vs. Hispanic identity in the United States.** Level 3 is a subheading within a subheading. It is indented, and is in bold with a period at the end of the heading. Only the first word of the heading and any proper names are capitalized. The paragraph begins adjacent to the heading.

**Self-identification with the country of origin.** Level 4 is the next level of subordination. It indented, bold, and italicized. Only the first word of the heading and any proper names are capitalized. The paragraph begins adjacent to the heading.

Note #1: You should have at least 2 subheadings in a section. If not, don’t use it; only use the Level 1 heading.
